

Videographer/Editor - Full Time

Job Overview

The Videographer and Editor will be a key part of the growing RAWfish Creative Group team, taking the lead on video production projects across multiple channels, including Broadcast, Social Media, and Digital. The Videographer/Editor will work closely with the RAWfish Creative Group team, external partners, and marketing teams to bring creative concepts to life.

This position requires a mix of technical expertise, creative vision, and leadership skills to guide projects from concept through final production. The Videographer will be responsible for establishing the visual tone of video content, ensuring high production value, and maintaining brand storytelling consistency across all projects.

The ideal candidate is highly skilled in cinematography, lighting, audio and editing, with a deep understanding of composition and storytelling. They should also have experience managing video shoots, directing talent, and coordinating logistics. The ability to adapt, problem-solve, and work in a fast-paced, evolving environment is critical.

Key Responsibilities

- Develop, plan, and execute high-quality video content for RAWfish Creative Group and its partners.
- Operate as the primary videographer on projects, ensuring professional-grade cinematography, lighting, and audio.
- Collaborate with internal and external teams to conceptualize video content that aligns with brand goals and storytelling objectives.
- Capture video assets for a variety of formats, including broadcast, social media, and digital campaigns.
- Direct on-location and studio shoots, including managing lighting, set design, and talent direction.
- Work in both outdoor and corporate settings, adapting to different shooting environments and conditions.
- Ensure all video projects meet high-quality standards and are delivered on time.
- Stay up to date with industry trends, emerging technology, and best practices in video production.
- Maintain and organize video production equipment, ensuring everything is in optimal working condition.
- Video editing and post-production required.
- Manage shot lists, lighting plans, and production schedules for each project.
- Work efficiently under tight deadlines while maintaining attention to detail and creative excellence.
- Build and maintain strong relationships with internal teams and external partners.
- Present creative concepts, video strategies, and direction to leadership and marketing teams.
- Demonstrate strong communication and problem-solving skills, ensuring smooth production workflows.

Qualifications

- 4+ years of experience in videography, cinematography, and video production.
- Strong proficiency with professional camera systems (DSLR, mirrorless, and cinema cameras), lighting setups, and audio recording.
- Experience in directing shoots, managing production logistics, and leading creative storytelling.
- Knowledge of post-production workflows, editing and color correction skills (Premiere Pro, Final Cut Pro, or DaVinci Resolve).
- Ability to adapt to different filming environments, from outdoor shoots to corporate settings.
- Highly organized with strong time management skills and the ability to juggle multiple projects.
- Strong attention to detail and passion for visual storytelling.
- Willingness to travel for shoots.
- Ability to work a flexible schedule, including weekends if required for projects.
